

# CONSIDERING YOURSELF A MANDATED SUPPORTER

2-HOUR EDUCATOR TRAINING

## What is the 'Considering Yourself a Mandated Supporter' Training?

Educators know they are Mandated Reporters of Child Abuse and Neglect. What they may not know, is how to provide support to children and families who are at-risk. This training covers Mandated Reporting law: what it is, how to know when to make a report, and what happens after a report is made. Then, it covers strategies and techniques rooted in the Strengthening Families™ Protective Factors Framework to offer support to families in dealing with life's stressors so that children thrive.

May be coupled with an additional 1.5-hour training on Protective Factors.

## TRAINING FACILITATOR

Sarah M Reed  
Training & Community Outreach  
Coordinator
